Poetry Focus

“We read and write poetry because we are members of the human race. And the human race is filled with passion... Poetry, beauty, romance, love, these are what we stay alive for.”

– John Keating (played by Robin Williams)

This year, our goal was to introduce our students to a new way to express themselves and connect with each other. Our students are passionate and full of creativity; poetry gives them a new tool to share that while also playing with the English language.

Through this they may learn to appreciate a well-loved and ancient art form that is otherwise missed in day-to-day life.

Our method for doing this varied throughout the year. At first, we wanted to show how creativity can thrive in poetry without the concern for grammar and punctuation that bogs down their views of English and haunts their exams. With that in mind, we started with finger-painting poems where students had to work together to create a painting and then immediately write about their experience.

Next, we focused on displaying the silly but structured side of poetry with limericks. The students were tasked with writing a poem as funny as they could make it and then sharing that aloud with the class.

Of course, we didn't stop there and as you read through this book, you will find many different kinds of poems and ways in which our NPMPS students have found to express themselves and their passions.

A POEM ABOUT A DANCING LLAMA

In a field so wide and sunny,
Lives a llama, soft and funny,
But wait, what's this? It starts to prance,
The llama loves to twirl and dance!!

If you see it dance with cheer,
Give a clap and stand right near,
For dancing llamas teach us all,
To have some fun, and stand up TALL!!

Why is Santa red?

Is he red because he is Asian?
Is he red because he likes coke?

But this question is unknown by
it's answer...

Airport Poems

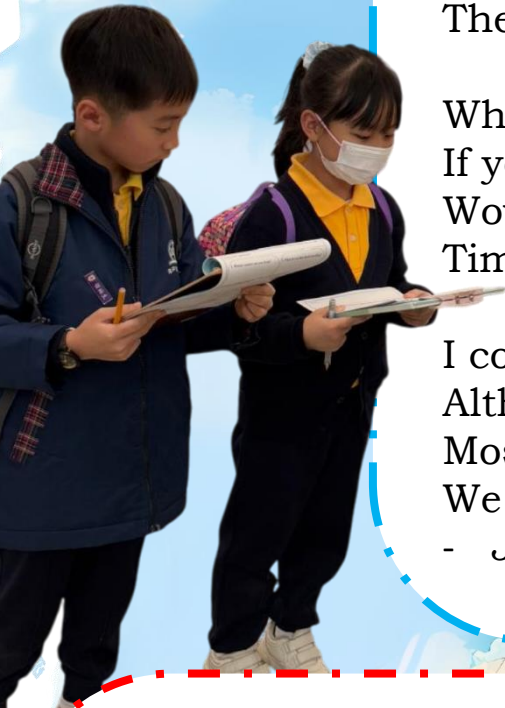

My Trip!

I was afraid to talk to new faces
But my mum told me to go to new places.
The trip experience must be priceless

When we arrived, the airport is bigger than I thought.
If you are hungry, restaurants, you can find a lot.
Wow, so many stores for the travellers to shop.
Timidly, we started our job.

I could finish the task finally.
Although few of the interviewees were unfriendly.
Most of them were kind and talked to me warmly
We were happy we could finish this task bravely.

Poem about Amelia <3

Amelia was the first women to fly a plane! Which she is a pilot. She is **SPECIAL** because she did a lot of things that other women had never done before. "I believe that women have as much courage as men!" she said. Amelia loved helping people, so she became a nurse! I Wonder why didn't she become a doctor? When Amelia was 23, her dad took her to an air show and took a short ride with an airplane, and now Amelia is obsessed with flying! She wanted to do Better, so she tried To cross the Atlantic Ocean, It was so dangerous, that tons of people died because of it, but... she did it! all by her self!

Women is as Great as men. so she said "women must try to do things as men have tried!" She made friends With Mrs. Roosevelt And took her for a Ride in her plane. I Wish that I could be Like her!

you become smart, but I think it will only let me mad!
(that why I create this rap)

A POEM ABOUT A DANCING LLAMA

In a field so wide and sunny,
Lives a llama, soft and funny,
But wait, what's this? It starts to prance,
The llama loves to twirl and dance!!

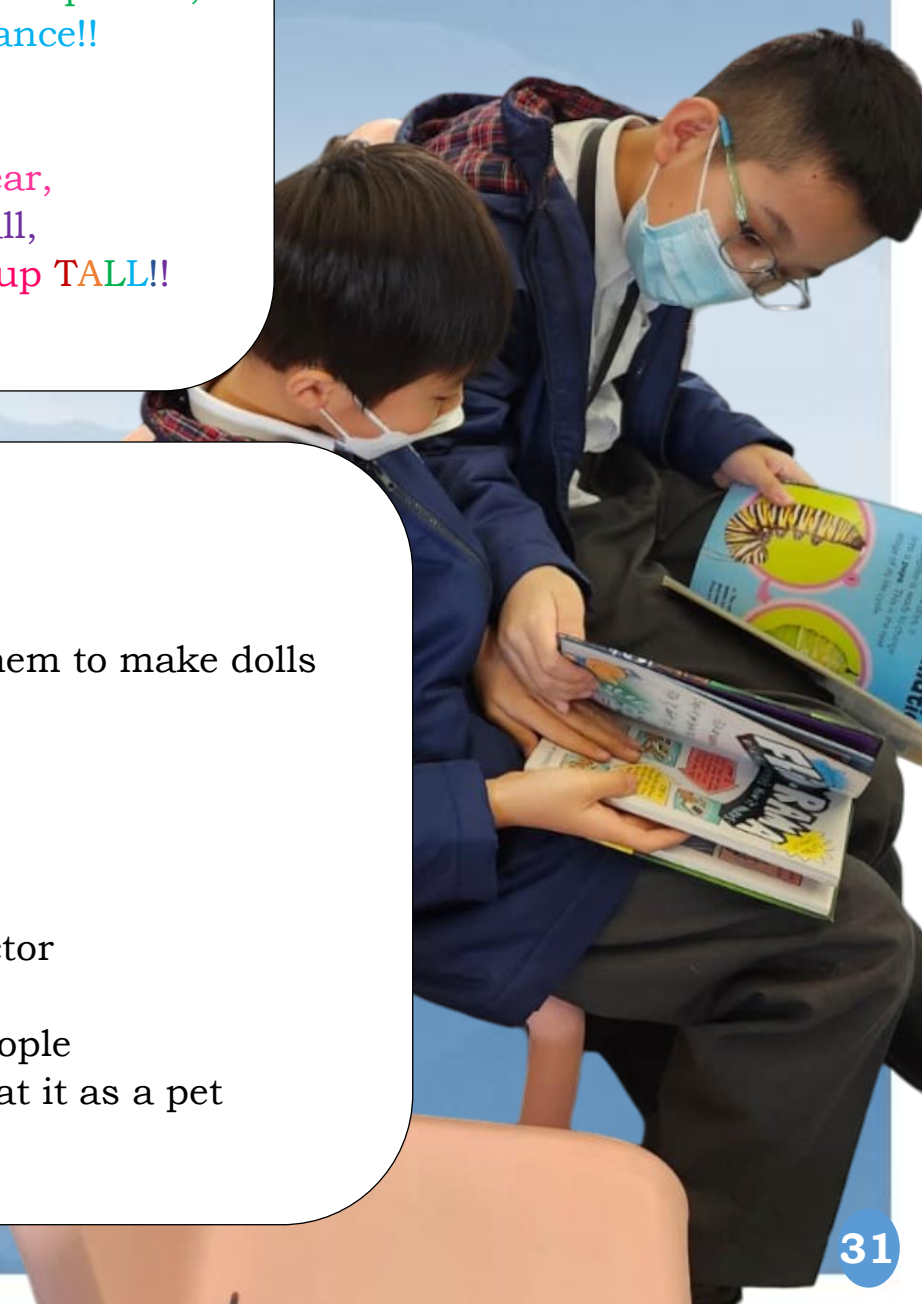

If you see it dance with cheer,
Give a clap and stand right near,
For dancing llamas teach us all,
To have some fun, and stand up TALL!!

Dancing Llama

It's hair is so soft
so many people likes to use them to make dolls
It's also very smart
It can learn things fast
In field of freen frass
they dance and sing happily
animal doctor
someone needs an animal doctor
that's Llama
Llama can help depression people
This made many people to treat it as a pet

Let's dance!

I went to Peru,
for a trip. I saw a cute
looking llama that was screaming
I went to go check, and realized...
... The llama was dancing!
It kept screaming and
screaming! I think that
it was saying... "baah! Let's dance!
baah!" So I started to dance!

The Hill

Today I will go to the mill,
while I am ill.
We will not go to the windmill,
because I made a deal.

Sports Day

I'm strong, just like my father.
I ran fast, like a train.
I jumped high, like a frog.
I'm gonna win a lot of gold medals.
Please call me Superman.

I won't get anything when I go
to school!
the only thing I get is s stack

I hope school will have no homework

Concerning Harry Potter

Harry Potter~ Harry Potter~
I'm a fan of Harry Potter
Luna is my favourite character in the
Series of books and movies, **Harry Potter**
Ron~Hermione~Harry Potter~
In Harry Potter~ Snape is by on means
a perpetrator!
You may not know him well, but he is
by on means someone who is loyal to
You-Know-Who!
(Voldemort)

Between the tick and tock of time,
We find our dreams, we make them climb.
From crayons to pens, the years unfold,
A tapestry of stories told.
In each line etched, a piece of us,
Growing up, yet without rush.

- Louis Greg (*Between Tick and Tock*)
